New York, NY 10013-3720

Dear Kethrin,

I am very pleased to write a letter of recommendation for Ink On Pixels.

Ink On Pixels has for the past year done the magazine layout and other special projects for the Caribbean American and Hispanic Business Journal, Inc. It is very evident by the looks of the magazine that Ink On Pixels demonstrated a high level of professionalism and attention to detail. We are constantly getting feedback from readers who are very impressed with the quality of the work.

I have interfaced with many graphic designers in the past but none has shown the skill and the ability to go above and beyond like you have. We look forward to building on this relationship and hope that many others will have an opportunity to experience first-hand the satisfaction of working with you.

Thanks again, and we look forward to working with you in the future.

Sincerely,

A handwritten signature in black ink that reads "Paul Lachhu". The signature is fluid and cursive, with a long, sweeping underline.

Paul Lachhu
President & CEO
Caribbean Business Journal, Inc.
